

A Long, Hard Look At America's Extremist Heart

In the wake of the January 6th insurrection, it has become increasingly clear that extremism is a serious and growing threat to our democracy. But what exactly is extremism, and how did it take root in the United States? In his new book, *A Long, Hard Look At America's Extremist Heart*, journalist and researcher David Neiwert provides a deeply researched and thought-provoking exploration of these questions.

Hateland: A Long, Hard Look at America's Extremist Heart

by Daryl Johnson

★★★★☆ 4.7 out of 5

Neiwert argues that extremism is not a new phenomenon in America. In fact, he traces its roots back to the country's founding, when white supremacists and other extremists sought to establish a nation based on their own narrow and hateful ideologies.

Over the centuries, extremism has taken many different forms, from the Ku Klux Klan to the John Birch Society to the neo-Nazis of today. But Neiwert

argues that all of these groups share a common core set of beliefs, including a belief in the superiority of their own group, a fear of outsiders, and a willingness to use violence to achieve their goals.

In recent years, extremism has been on the rise in America. This is due in part to a number of factors, including the rise of social media, which has made it easier for extremists to spread their propaganda and recruit new members. Additionally, the economic and political anxieties of the past few years have created a fertile ground for extremism to grow.

Neiwert's book is a timely and important contribution to the understanding of extremism in America. It is a deeply researched and well-written book that offers a clear-eyed assessment of the threat that extremism poses to our democracy. Neiwert also offers a roadmap to understanding and addressing this urgent threat.

If you are concerned about the rise of extremism in America, I urge you to read *A Long, Hard Look At America's Extremist Heart*. It is a book that will challenge your assumptions and leave you with a better understanding of this complex and dangerous issue.

Here is a list of some of the key topics covered in the book:

- The history of extremism in America
- The different forms of extremism
- The roots of extremism
- The factors that are driving the rise of extremism in America
- The threat that extremism poses to our democracy

- What can be done to address the threat of extremism

A Long, Hard Look At America's Extremist Heart is a must-read for anyone who is concerned about the future of our democracy. It is a book that will challenge your assumptions, inform your thinking, and inspire you to action.
