Politics and Society in the American Labor Movement

This revised and expanded edition of Century of American Labor is a comprehensive and up-to-date account of the American labor movement from its beginnings in the late 19th century to the present day. The book provides a detailed analysis of the major developments in the labor movement, including the rise of industrial unionism, the New Deal, the Cold War, and the decline of the labor movement in the late 20th century. The book also includes a new chapter on the labor movement in the 21st century.

The book is essential reading for anyone who wants to understand the history of the American labor movement. It is also a valuable resource for students of American history, politics, and economics.

Reviews

"David Montgomery's *Century of American Labor* is the definitive history of the American labor movement. This revised and expanded edition is a must-read for anyone who wants to understand the history of the American working class." — Howard Zinn

"Montgomery's book is a masterful synthesis of the history of American labor. It is a must-read for anyone who wants to understand the role of labor in American history." — Eric Foner
