

# From the Birth of the Republic to the AKP: A Comprehensive History of Modern Turkey

This book provides a comprehensive overview of the history of modern Turkey, from the birth of the republic in 1923 to the present day. It covers major political, economic, and social developments, as well as the country's relations with the wider world. The book is written by a team of leading scholars in the field and is essential reading for anyone interested in the history of Turkey.

## The Birth of the Republic

The Republic of Turkey was founded in 1923 after the collapse of the Ottoman Empire. The first president of the republic was Mustafa Kemal Atatürk, who led the country through a period of rapid modernization. Atatürk's reforms included the of a new civil code, the abolition of the caliphate, and the granting of women the right to vote.

## The Early Republic

The early years of the republic were marked by economic and political instability. The country was hit hard by the Great Depression, and there were several military coups. However, the republic also made significant

progress during this period. The government invested in education and infrastructure, and the country's economy began to grow.

## The Cold War

Turkey played a key role in the Cold War. The country joined NATO in 1952 and became a close ally of the United States. Turkey also received significant economic aid from the United States during this period.
