Rosenberg begins by tracing the roots of Christian Zionism back to the early church. He shows how the early church fathers believed that the return of the Jews to Israel was a sign of the coming of the Messiah. This belief was later adopted by the Protestant Reformers, who saw the establishment of the State of Israel as a fulfillment of biblical prophecy.

In addition to the theological reasons for Christian support for Israel, Rosenberg also discusses the political reasons. He argues that Israel is a strategic ally of the United States and that it plays a vital role in maintaining stability in the Middle East. He also points out that Israel is a democracy that shares many of the same values as the United States.

Standing With Israel is a timely and important book. It provides a much-needed overview of the history of Christian support for Israel and the

reasons why Christians continue to stand with the Jewish state. The book is a valuable resource for anyone who wants to understand the complex relationship between Christians and Israel.
