The book begins by examining the history of white supremacy, from its origins in the transatlantic slave trade to its continued presence in the modern world. The author argues that white supremacy is not simply a matter of individual prejudice, but a system of power that has been used to justify the exploitation and oppression of people of color for centuries.

The book then turns to the present day, to examine the ways in which people of color are fighting back against white supremacy. The author highlights a wide range of resistance movements, from the Black Lives Matter movement in the United States to the indigenous rights movement in Latin America. These movements are diverse in their tactics and goals, but they all share a common commitment to fighting for justice and equality.

The Rising Tide of Color Against White World Supremacy is a must-read for anyone who wants to understand the challenges and opportunities facing the world today. The book provides a powerful analysis of the global struggle against white supremacy, and it offers hope for a more just and equitable future.

Praise for The Rising Tide of Color Against White World Supremacy

"A brilliant and timely book that sheds new light on the global struggle against white supremacy. The Rising Tide of Color Against White World Supremacy is a must-read for anyone who wants to understand the challenges and opportunities facing the world today."

-Ibram X. Kendi, author of How to Be an Antiracist

"A powerful and moving book that tells the story of the global resistance to white supremacy. The Rising Tide of Color Against White World Supremacy is a must-read for anyone who wants to be part of the fight for a more just and equitable world."

-Angela Davis, author of Freedom Is a Constant Struggle

About the Author

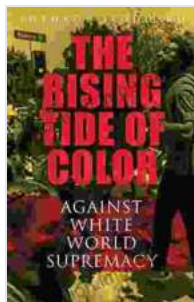

The Rising Tide of Color Against White World Supremacy is written by Dr. Kehinde Andrews, a leading scholar of race and ethnicity. Andrews is a professor of sociology at the University of Birmingham, and he is the author of several books on race and racism, including Blackness in Britain and Why We Need to Stop Talking About Race.

Andrews is a passionate advocate for racial justice, and his work has been praised by scholars, activists, and policymakers around the world. He is a regular commentator in the media, and he has appeared on BBC, CNN, and NPR to discuss race and racism.
